Von ocasey@hughes.net This book reveals the greatness of this plane that was developed before the war and the amazing feats that were accomplished with it and the men who flew them. Often used successfully as a fighter against the Japanese Air Force. This plane built by Douglas Aviation Co

along with the Grumman F4F Wild cat kept us in the battle the 1st year of the war until more modern planes were produced, Having flown many hours of patrolling as a crew member in this plane I can vouch for it's authenticity. An excellent and well written book.

Kurzbeschreibung Popularly known as the Douglas Dauntless, the U.S. Navy's SBD dive bomber was well named. Though considered obsolete at the time of the attack on Pearl Harbor, the Dauntless turned the tide of war in the Pacific with the destruction of four Japanese carriers at the Battle of Midway, making its mark in aviation history for sinking more enemy carriers than any other aircraft. Still in service at war's end, the Dauntless was the only U.S. carrier aircraft in operation from Pearl Harbor to V-J Day. The Dauntless was the only American Navy aircraft to fly in all five of the naval engagements fought exclusively by aircraft carriers and was credited with sinking the first Japanese fleet submarine and dropping the first bombs on Japanese-occupied soil during the war. The SBD was also active in the Atlantic, sinking Vichy French shipping at Casablanca and German vessels in Scandinavian waters. In between his authoritative accounts of these missions, Barrett Tillman tells the rousing story of the men who took the "slow but deadly" Dauntless into combat, loving her for her ruggedness and dependability while wishing for more speed and firepower. Among the people he describes is the pilot who nearly single-handedly knocked out a Japanese carrier and died in the process, and SBD squadron that flew unexpectedly into the Pearl Harbor attack. Filled with fascinating photographs, this book was widely acclaimed in 1976 when first published and is now available for the first time in paperback.
