**Von Norbert Larcher : The Dead are Alive (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Dead are Alive (English Edition):

Kurzbeschreibung "What do we mean by the Dead?" "Who are the Dead?" This book will certainly open your eyes offering reliable answers to the above questions, since it proceeds from one who regularly communicates with the so-called Dead. It is the Author's hope and trust that after examining the material, it will assist in some way in bringing clarity on a subject which to date remains woven in mystery, thus creating puzzlement which impedes complete acceptance of the truth. At the end of the reading, the reader will undoubtedly be comforted with the knowledge that his life and every other life is eternal, and that only beauty awaits him, following his transition from the earth at his appointed time. A book for all seasons, never to be put down, and to be read with an open mind.
