Von Chris Philpott, Bree Philpott : The Death Watch (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Death Watch (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Action Movie Script... HBO series...?Von Tim DowdAt the beginning the story sounds like it was written as a schoolboys essay limited vocabulary and scant descriptions. After a while I realized it was written as an action movie treatment and got into the flow. I couldn't help fitting the characters to the hunger games film. The story is fast paced and at the

same time slow enough to start caring about the fates of the "family". This is probably book one of a series, as there are enough loose ends to carry this on indefinitely.

Kurzbeschreibung In this fast-paced adventure, a teen on the run years after the zombie apocalypse finds herself in grave danger when she discovers a stunning truth that might be the key to humanity's survival. Twelve years after the dead rose and civilization ended, Vera White and her family remain hidden deep within the woods and not just from the dead. Seemingly destined to a life of solitude, sixteen-year-old Vera and her family rarely venture outside their safe zone. But when their food supply runs short, Vera decides to take her younger brother on his first hunt, where she makes a shocking discovery: Josh seems to have power over the dead. Vera's discovery sets a wild chain of events in motion that throws their family into turmoil and provides Vera with her first glimpse of the bizarre new world that has evolved outside the woods. After she meets Hayden James, a young soldier who is her guide in discovering this world, new questions arise. Can she trust Hayden? Are the dead changing? Why is the military so interested in her family? What is the Crones Prophecy? And why is everyone she loves keeping

secrets? <https://magica.box.com/s/c3bj84e3zxsjprhq3n>
