Von Eric Paul Roorda : The Dictator Next Door: The Good Neighbor Policy and the Trujillo Regime in the Dominican Republic, 1930-1945 (American encounters/global interactions) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Dictator Next Door: The Good Neighbor Policy and the

Trujillo Regime in the Dominican Republic, 1930-1945 (American encounters/global interactions):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. review of the dictator next door (Trujillo regime)Von andres j. ledesmaEric Paul Roorda gives an insightful view in the often overlooked subject of u.s. diplomatic and military relations with latin american dictators, namely that of the Trujillo regime in the Dominican Republic. Through exhaustive research and excellent writing, Roorda gives a detailed account of how the dictatorship of trujillo took advantage of F.D.R's Good Neighbor Policy in order to cement complete social and political control upon the Dominican people. Roorda illustrated how the Good Neighbor Policy, in effect, gave tacit consent to the Trujillo regime. Another aspect of American diplomatic history that Roorda poignantly sheds light on, is the racist and prejudice attitudes of many of the American players in the game of foreign affairs. These prejudices gives the U.S. government a paternalistic view of the governments they deal with as well as the people from those nations. The Dictator Next Door is a must read for any student of Dominican history and for any reader interested in American foreign affairs under the Good Neighbor Policy.0 von 0 Kunden fanden die folgende Rezension hilfreich. review of the dictator next door (Trujillo regime)Von andres j. ledesmaEric Paul Roorda gives an insightful view in the often overlooked subject of u.s. diplomatic and military relations with latin american dictators, namely that of the Trujillo regime in the Dominican Republic. KurzbeschreibungThe question of how U.S. foreign policy should manage relations with autocratic governments, particularly in the Caribbean and Latin America, has always been difficult and complex. In The Dictator Next Door Eric Paul Roorda focuses on the relations between the U.S. and the Dominican Republic following Rafael Trujillo's seizure of power in 1930. Examining the transition from the noninterventionist policies of the Hoover administration to Roosevelt's Good Neighbor policy, Roorda blends diplomatic history with analyses of domestic politics in both countries not only to explore the political limits of American hegemony but to provide an in-depth view of a crucial period in U.S. foreign relations. Although Trujillo's dictatorship was enabled by prior U.S. occupation of the Dominican Republic, the brutality of his regime and the reliance on violence and vanity to sustain his rule was an untenable offense to many in the U.S. diplomatic community, as well as to certain legislators, journalists, and bankers. Many U.S. military officers and congressmen, however, impressed by the civil order and extensive infrastructure the dictator established, comprised an increasingly powerful Dominican lobby. What emerges is a picture of Trujillo at the center of a crowded stage of international actors and a U.S. government that, despite events such as Trujillo's 1937 massacre of 12,000 Haitians, was determined to foster alliances with any government that would oppose its enemies as the world moved toward war. Using previously untapped records, privately held papers, and unpublished photographs, Roorda demonstrates how caution, confusion, and conflicting goals marked U.S. relations with Trujillo and set the tone for the ambivalent Cold War relations that prevailed until Trujillo's assassination in 1961. The Dictator Next Door will interest Latin Americanists, historians, political scientists, and specialists in international relations and diplomacy.
