Von Hippolyto Joseph da Costa : The Dionysian Artificers (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Dionysian Artificers (English Edition):

KurzbeschreibungThis essay, published in 1820, was an attempt to prove that modern Freemasonry derived from ancient Greek philosophical and religious ideas. Hippolyto da Costa (1774-1823), was a Brazilian journalist, author, Freemason and world traveller. He was imprisoned for being a Freemason by the Inquisition in Portugal in 1802; he escaped in 1805. He settled in London and wrote a two volume book about his experiences, *Narrativa da Perseguição*, in 1811. He went on to start the first Brazilian periodical, the *Correio Braziliense* or *Armazem Literario*, (1808-23), for which he is known today as "the founder of the Brazilian Press".
