Could this be close to HIS side of the story ?Von Ein KundeI rated this as a 9 only because a study of the Bible proves it's the only 10. But when looking for a "profound yet simply put" text of what MIGHT have happened.. this is the only one. Don't worry! it's a story, it doesn't even try to get into Biblical doctrines, theories etc.. at least from the

surface. Edwards puts his rendition of what "some glad morning" we all will know. My only criticism is.. (well that would spoil the story!) ..just don't put God in a box, leave what you think of Him out of the way for now, and trust that He is infinite in any way that one could imagine. The writer slips a couple of times in the story with respect to time/space aspects of God, albeit these slips aid the story's simplicity. The story could have been written many ways, but we can write no end of books on One who is so limitless. Read, relax and enjoy! Cliff Matthews -Iglesia Hispana, Toronto, Canada

What better way to make His love tangible than by using a human perspective to show divine romance. I love this book and have given it as a gift on numerous occasions. Read it and weep...and rejoice!

Jones Despite not being a fan of "allegorical " or "fictional" storytelling based on biblical truths, I found this book a valiant attempt to put into words a marvelous truth in the Bible. God wants to get married! While I find many readers tend to get stuck in the allegory, some may discover something that they may have never considered before... the Bible is actually a book detailing a divine romance between God and His creation. It is easy to see how the ministry of Witness Lee (titles also available on ) has influenced Gene's understanding of the Bible and contributed to his realization of the divine romance. One warning though, don't get stuck in the allegory-- let this book open your eyes to what may be a fresh perspective to God's plan for His chosen people.

Kurzbeschreibung A breathtakingly beautiful saga spanning from eternity to eternity, presented from the view of angels. Experience creation, the crucifixion, and the resurrection from this unique viewpoint, and gain a better understanding of the majestic love of God. Gene Edwards's classic tale is the greatest love story ever told.

Buchrückseite "It is not good that God should be alone!" A book of power, beauty, and grandeur, here is a majestic rendition of the love of God. Rarely has a piece of Christian literature combined the simplicity of the storytelling art with the profound depths of the Christian faith. In this sweeping saga, spanning from eternity to eternity, you will discover some of the deepest riches afforded the believer. Who is fit to be the beautiful bride of God? How shall the Carpenter, rising from the dead, bring her forth? The story concludes at the consummation of the ages, when a victorious Lord takes his bride to himself. This truly is the greatest love story ever told.
