**Von Janet C. Berlo : The Early Years of Native American Art History (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Early Years of Native American Art History (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Essential Reading in the Discipline Von Arlen Speights This anthology illustrates the core problems in Native North American Art History by showing the paradoxes in its founding methodology. The essays deal directly with early scholars' and

collectors' cultural barriers to understanding their subjects. The book provides examples of how to question the ideological bases of what we often accept as the truth regarding the work. I've found it to be immensely useful in a course that surveys the field; students develop a better appreciation for the work by studying the wider implications of ethnography and collecting. In particular, Marvin Cohodas' essay on Louisa Keyser often opens the way to new levels of understanding the contradictions in the discipline. Anyone with a serious interest in native art should read this collection.

Kurzbeschreibung A collection of six historiographical essays on Native American art, spanning from the 1880s to 1941. This digital edition was derived from ACLS Humanities E-Book's (<http://www.humanitiesebook.org>) online version of the same title. Kurzbeschreibung A collection of six historiographical essays on Native American art, spanning from the 1880s to 1941. This digital edition was derived from ACLS Humanities E-Book's (<http://www.humanitiesebook.org>) online version of the same title. Synopsis This collection of essays deals with the development of Native American art history as a discipline rather than with particular art works or artists. It focuses on the early anthropologists, museum curators, dealers, and collectors and on the multiple levels of understanding and misunderstanding, app
