KurzbeschreibungAnthony Summers and Robbyn Swan have written the definitive account of 9/11. The shockwaves of the September 11, 2001 attacks in America reverberate to this day. Though Osama Bin Laden has been killed, questions remain. What exactly happened? Could 9/11 have been prevented? How and why did so much acrimony and misinformation arise from the ashes of the World Trade Center, the Pentagon and a quiet field in Pennsylvania? And what has yet to be revealed?The Eleventh Day, written with access to thousands of recently released official documents, is updated for this edition and reports on a development which the former chairman of Congress' 9/11 probe describes as the most important in years.**Pressestimmen**A powerful book... the definitive account of 9/11 - a fascinating narrative of the lead-up, to the horrific event itself, and its complex aftermath, as it reverberated politically and militarily. As well putting a human face to all the people involved - victims and adversaries - it fills in the omissions (many of them deliberate) in the official version of events (Paul Theroux)Superb... A wholly absorbing and powerful narrative full of good sense, properly weighed facts and clear understanding (Peter Hitchens Daily Mail)**Werbetext**The ultimate account of 9/11 by one of the world's great investigative journalists
