Von Mirjan R. Damaska : The Faces of Justice and State Authority: A Comparative Approach to the Legal Process before purchasing it in order to gage whether or not it would be worth my time, and all praised The Faces of Justice and State Authority: A Comparative Approach to the Legal Process:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. An excellent reference for understanding legal processVon gerald w. hardcastleThis book was a very pleasant surprise in

my research on legal process. By resorting to pure models, Damaska presents clear contrasts between the adversarial or reactive justice system and the inquisitional or policy implementing justice system. By focusing on the pure models, the impact of changes in justice systems become easier to analyze. Damaska has a unique ability to make clear in a few sentences what was previously confused. Damaska does not advocate one justice system over another; he simply demonstrates issues that may arise when pure models are altered. As someone involved in the American legal system, Damaska has provided insight into the philosophical workings of our legal system and with that insight, changes in legal procedure particularly are better understood.0 von 0 Kunden fanden die folgende Rezension hilfreich. KurzbeschreibungA leading legal scholar provides a highly original comparative analysis of how justice is administered in legal systems around the world and of the profound and often puzzling changes taking place in civil and criminal procedure. Constructing a conceptual framework of the legal process based on the link between politics and justice, Mirjan R. Damaska provides a new perspective that enables disparate procedural features to emerge as fascinating recognizable patterns.KurzbeschreibungA leading legal scholar provides a highly original comparative analysis of how justice is administered in legal systems around the world and of the profound and often puzzling changes taking place in civil and criminal procedure.
