SEE AND READ LUTHER FOR WHAT HE REALLY IS!!!Von Ein KundeYou can't possibly put this informative research book down once you've decided to pick it up. A truly, mind-boggling and 'revolutionary' view of the so-called "reformer" who has been extolled by his revisionist modern-day writers and worshippers that they have failed to see

the unfurnished Truth about the man who turned his revolt of the Roman Catholic Church into the chaos and fragmentation of the seamless garment of Christ, laying the foundations to the tearing Christianity (disregarding JN.17) into countless bickering sects that we have today. A truly sad event of Church history that has spawned nothing less than bigotry, violence in all forms, and misinformation right down through today in the fragmented world of Bible-thumping 'Christianity'. The romanticized Luther being propagated today is but a far cry to the real Martin Luther of the 'reformation'. His work(s) like "The Jews and Their Lies" have been used by the Hitler himself to justify his/their extermination of the Jews in the Holocaust! No honest researcher can deny this! Read the facts for yourself with an open mind! Can Martin Luther rightly be called a "religious reformer"??? I truly DOUBT SO! But, don't just take my word for it, read "THE FACTS ABOUT LUTHER" yourself! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Brilliant and masterful work on Martin Luther's rebellion. Von Jeff Chen This is a masterful dissertation about the reality of the 16th century Protestant movement that gave way to a constellation of denominations each professing their own version of the gospel. Luther heading this rebellion against the One, Holy, Catholic, and Apostolic church founded by Jesus Christ makes a mark in history by his hatred and bigotry towards those who opposed him. Leaving much to be desired of a religious leader, the mentality of Martin Luther finds itself in the thinking of modern Protestants like the reader before my entry who still rebelling against the Catholic church. In regards with the reader before me who is obviously distraught about reading this marvellous piece of work, I will take some time in clarifying his/her accusations and criticisms about Father O'hare work and the Catholic church. A reader from Midwest, December 1, 1998 First off, the book does not wallow in bias towards Luther because Father O'hare uses clear and concise quotes directly from Martin Luther himself. He lets the 'legendary' Protestant hero speak for himself all throughout the chapters and the book only suffers from the weakness of quoting from the German version of Luther's works (which is harder to come by). Check the sources themselves if you are willing to go further than this shallow analysis that you've posted. Secondly, the book exposes the person of Martin Luther for who he really is and the topic has nothing to do with the useless tirade that you are proceeding to outline. Hence the title, "Facts About Luther" should have sunk into your conscience when you bought this book. Thirdly, Besides, which Popes in the past have written anything or anything at all that remotely approaches the hatred of Martin Luther? I dare you to show me some evidence of this! The only thing that comes close is the few canons from the Fourth Lateran Council that imposes some bans on the Jews for the protection of Christians. Try reading the section in O'Hare's books about the Popes benevolence towards the Jews in the times of persecution and digest that material (try digging into the sources if you can). Fourthly, The Crusades were not senseless but were necessary as a defensive measure in pushing back the rapid encroachment of Muslims on Christian soldier and the 'senseless' violence that occurred is only relative in comparison with the massacres that were committed by the Muslims (who are a religion that vows commitment to the 'Jihad'). This has nothing to do with the subject of the book whatsoever. Fifthly, Which popes have a record of maintaining holocausts and which holocausts are these? The only holocaust is the result of Martin Luther's rightings in the form of German Nationalism and Adolf Hitler's systematic extermination of 11 million lives in Europe (along with 6 million Jews). Sixthly, Which senseless inquisitions are these? Which Popes are guilty of these senseless inquisitions that you are accusing the church of? The inquisitions are separate events which are spread out throughout the middle-ages in order to combat heresies that are quite unchristian. With the exception of the Spanish Inquisitions which fell under secular control which got out of hand without the approval of the Catholic Church. Seventhly, Which senseless wars are you referring to? Remember German nationalism is a byproduct of Luther's Protestant reformation and that is the cause of the senseless wars during the 20th century. The blame goes back to you. Eighthly, Which Popes are these that wrote hatred towards the Jews? I dare you to give me a sample of these writings if they exist at all! Correct Luther's words do not even compare to the writings about the Jews of the earlier popes, because the earlier popes recognized that the Jews were the people of the Old Covenant that begun on Mount Sinai. Unlike Luther who spews hatred towards the Chosen People that is quite evident in his writings which inspires the Mein Kampf and the evils that go with that tirade. Ninthly, the pope is not the Anti-Christ and I venture to task how did you come up with this conclusion? Your blind hatred and bigotry mirrors Luther in every respect. Blind followers indeed, the Catholic Church has produced the most wonderful saints that served their almighty God from--St. Augustine, St. Jerome, St. Athanasius, St. Francis Assisi, St. Francis de Sales, St. Dominic, St. Thomas Aquinas, St. Teresa of Avila, and etc. Tenthly, What Truth are referring to? Perhaps Luther's Unbiblical doctrines of Sola Scriptura and Sola Fides is the Truth that you are referring to. You are willing to worship a printing page and in doing so squeezing an infinite God into the confines of your narrow minded, "Bible Only" view that is equally worthless as your tirade. Eleventhly, the Pope is the rightful successor of the Petrine office that Jesus Christ established upon Peter as the Rock (Mt. 16:18) and receives honour no different than the Patriarchs of the Old Testament. You modern minded liberal Git get with history and start understanding that individualism is a modern invention and that monarchies were the ruling systems in biblical times and throughout history. Twelfthly, Since when Vatican II agrees with Lutheran doctrine? I dare you to show me and the Catholic your claims for this. The Anathemas from the Council of Trent are still in place on the heretical doctrines receiving the due condemnation. In closing, Vatican II is a purely Catholic council and an ecumenical council that is infallible as Jesus Christ himself promises that the church is the "Pillar and Bulwark of

Truth"(1Tim 3:15). You make yourself infallible my friend by your claims to Private Interpretation. Mr. Super Pope sucessor to Super Pope Martin Luther I. Thanks-be-to-God, Jeff Chen.0 von 0 Kunden fanden die folgende Rezension hilfreich. A Sad Piece of Papist GarbageVon Ein KundeUnfortunately, while the book (like a pig) wallows in a very biased view of Luther, it does little to expose any sort of truth. It also neglects to mention that the writings of previous Popes have a) begun senseless crusades b) maintained senseless holocausts c) begun senseless inquisitions and d) begun senseless, bloody and bitter wars. Luther's words do not even compare to the writings about the Jews of earlier Popes -- but, unfortunately, "Father" O'hare neglects to discuss this at length. I think Luther can have his "The Jews and their Lies" and the Antichrist can have his kingdom of blind followers, willing to sacrifice Truth for the ability to worship a reliquary bottle of the Pope's sweat. Luther is not a glamour portrait nor a so-called "saint" to be worshipped, as Pope is. He was a medieval man, subject to the same limitations and abilities that we are. It took Pope four-hundred years from Luther's death to finally agree with him at Vatican II. Infallible, indeed.
