Great Deception in vivid color!Von ghenke@gte.netThis spectacular book is simply that-"spectacular" Doesn't matter if it is in truth, but it sure is spectacular! Several questions for those who read the book. What is the quest? What is the

mountain? What is the battle for? Who is fighting? When is this battle? There are a myriad of questions I could ask, but a Bible scholar ought to have hackles on their necks with this one. But, so much of the church is "feeling" the spectacular instead of plowing the truth. My description of this book is the same as found in the book when the "quester" finds himself walking with faith hope and love but not walking with wisdom any longer. Those who read the book should be alarmed at this prospect. If this book is placed beside the Bible, you can't read both in agreement. God help us if all we end up with is the top of the mountain only to go back down to try again.0 von 0 Kunden fanden die folgende Rezension hilfreich. A today word for the bride of Christ. Life Changing!Von Scott MacDonaldI laughed, I cried and was filled with awe. My conception of eternity with God is forever changed. As I read the words of this book and saw spiritual warfare from the heavenly point of view I knew it was time to stop playing christian and be one! I thank the Lord for giving this vision to the church.1 von 1 Kunden fanden die folgende Rezension hilfreich. Final Quest a MUST READVon Ein KundeThe final Quest is an excellent book that gives accurate descriptions of our spiritual warfare. (we wrestle not against flesh and blood,... but against spiritual wickedness in high places) In reviewing some other reviews on this book, one commentator noted the book was "overflowed with gushy spiritual imagery", I guess he hasn't read Revelations, it is filled with such imagery. And I'm sure the "spiritual leaders" in Pauls day had a heyday when they heard of his vison where God told him (in a vision) to "take and eat" of "unclean food." That was certainly opposed to everything that they had learned through the laws of Moses. I guess what I am trying to say is that God does not Always present things the way we would like him to. CAUTION IN READING: Don't box God in with a religious spirit! Allow God to minister to you AS HE CHOOSES. In reading this book, the Lord moved in my life dynamically, I will never be the same, THANK GOD! It really brought back focus to my life. I praise God that it was written. I encourage everyone to read this book and ask God to reveal Himself to you. You WILL NOT be disappointed. This book gives us a rare look into a place that we know very little of. A world that stunned Moses, and I'm sure when Elijah saw "the chariot of fire and the horses of fire" that it was a brilliant awesome site! Ezekiel's vision of the throne of God, TALK ABOUT IMAGERY, or Daniels vision of the man, or Balaam when the donkey saw the angelwith the sword before he did. Our God created this world in all it's beauty, looking at creation we can see the complexity of our God, yes His message is so simple that we stumble over it, but how he chooses to carry out His plans and purposes is not necessarily as simple, nor is it how we would do it. He is perfect, we are not, we need to learn to trust His judgement. Read the book, you will be glad you did.
