The Fruits of Their Labor: Atlantic Coast Farmworkers and the Making of Migrant Poverty, 1870-1945:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. This book will make you thinkVon Ein KundeI read this book as part of an upper-division historiography course which examined many facets of rural America, among them the migrant experience. Although the majority of my colleagues found this book to be a confusing "alphabet soup" of Great Depression government policy, I was fascinated by it. Hahamovitch does a great job of telling the story of the migrant population--a story which has been shrouded in silence, mostly because of our own guilty consciences. If you are at all interested in this minority population, pick up this book, however--those lacking a fairly good background in history may well end up a bit lost.

KurzbeschreibungIn 1933 Congress granted American laborers the right of collective bargaining, but farmworkers got no New Deal. Cindy Hahamovitch's pathbreaking account of migrant farmworkers along the Atlantic Coast shows how growers enlisted the aid of the state in an unprecedented effort to keep their fields well stocked with labor. This is the story of the farmworkers--Italian immigrants from northeastern tenements, African American laborers from the South, and imported workers from the Caribbean--who came to work in the fields of New Jersey, Georgia, and Florida in the decades after 1870. These farmworkers were not powerless, the author argues, for growers became increasingly open to negotiation as their crops ripened in the fields. But farmers fought back with padrone or labor contracting schemes and 'work-or-fight' forced-labor campaigns. Hahamovitch describes how growers' efforts became more effective as federal officials assumed the role of padroni, supplying farmers with foreign workers on demand. Today's migrants are as desperate as ever, the author concludes, not because poverty is an inevitable feature of modern agricultural work, but because the federal government has intervened on behalf of growers, preventing farmworkers from enjoying the fruits of their labor.PressestimmenFinely crafted."Labour"KurzbeschreibungIn 1933 Congress granted American laborers the right of collective bargaining, but farmworkers got no New Deal.
