AMAZING INTERESTING- FASCINATINGVon Universum7If you are interested in spirituality- this is your book. It is about our role in creation - completely different than all religions tell us. The fascinating fact from the book - is - that in some way- the major religions -Christianity, Judaism and Islam- seem to have their roots in this knowledge. It is a revelation - decoding an ancient text - for our time now. It is to see our role as co-creator and our oneness with

"God" "ONE" "All That Is"- highest intelligence- and it is - as far as I am able to perceive- congruent with cutting edge science- and quantum physics. The text also says that this knowledge - encoded as it is- translated into words suitable for our time NOW- is given in a way- so that it sort of- new interpretation is possible- always according to the state of consciousness that humanity has at a given point in linear time. This is not a book to read - like any other- at least not that I know of. It must be taken in slowly- 10 to 20 pages per day- is enough - although it was so fascinating to read it- that I could barely stop reading. I say- this is not expensive - and I think- worth you try if it is for you. I am going to read it second time now and it may also be a topic for contemplation - meditation.

Kurzbeschreibung AWARDS IN 2012: 'WINNER' AT THE NEW YORK BOOK FESTIVAL AND BEACH BOOK FESTIVAL. THIS IS A MUST READ BOOK THAT HAS BEEN RECOGNIZED FOR ITS UNIQUE NATURE, AUTHENTICITY, AND UNPARALLELED ENLIGHTENMENT! Our awakening is upon us. We live in a mystical time unlike any other. Extraordinary events are soon to unfold. In fact, one already has. A coded Biblical message has been discovered. God has spoken, and this celestial wisdom will guide mankind into the next level of human consciousness. This riveting message teaches the One God is not realized through the church or religious ideology. God does not exist outside of man. God is an all-encompassing, extraordinary creative force imbued in all things including Adam (mankind). For the first time in human history, you can know the Bible's untold secrets that are shockingly different and astounding. This advanced and mind-boggling enlightenment challenges the age-old matrix of illusions and defies religions' biased teachings that have led this creation off course. Our outer world is a reflection of our inner world and, frankly, the man of our past got God all wrong. You are about to journey on an untraveled path that sheds light on an unknown story: The message of the Luchotan unparalleled level of enlightenment contained within the first tablets Moses brought down the mountain. The secret is out. Most have assumed the Luchot was exactly the same as the Ten Commandments, yet nothing could be further from the truth. Over 3000 years ago, at the depths of God's written word, a hidden language defining our very existence was embedded in the ancient writings of Moses. Time would pass. Religions would rise. Yet, the highest level of awareness into God and creation would remain hidden from the minds and hearts of man. Silent and overlooked, the truth of God would lay dormant lost to humanity. For ages, man has lived through a distorted view of God and creation. Through misguided beliefs, the human story has unfolded and man created his reality both his beauty and his wrath. Humanity has come full circle, and we now find ourselves in a time the prophets foresaw. We have reached a precipice, and the choice is ours: What level of God consciousness do we desire to become? Humanity will soon undergo an extraordinary transformation. We are the generation the Creator has been waiting for. The time is now to break free and become more than we were before. Together, we will give birth to a new beginning. Genesis is upon us.

ber den Autor und weitere Mitwirkende Through diverse backgrounds, Abraham Lopian and Julie Snyder reveal a Divine message that is the Bible's deepest secret. For over fifty years, Abraham has studied and decoded the ancient Hebraic texts. Interestingly, his enlightenment was not achieved through decades of

scholastic study alone, but through a profound metaphysical experience. Coming from a secular background, Julie brings forth the feminine side of the Divine through her unique gifts and insight into creation. With passion and intelligence, you are led into the rabbit hole of advanced conceptions where a new and extraordinary perspective of God, man, nature, life, death, love, and reality emerge out of the shadows and into the light of human awareness.
