Together with my parents we used to attend the Sunday masses regularly, but, to say the truth, I didnt really understand what the priests were talking

about. I truly believe in God and my whole life I felt a strong longing for a better understanding of Jesus` message. When I was a young woman, many unanswered questions came up. In grade school, I asked my religion Teacher questions like, Where is God? or Who and how is God? The teacher then simply replied, God is the Father, and He lives up there in Heaven. I cant say that I ever was satisfied by these answers. Now, many years later, I discovered this wonderful book, and I finally got all the answers I was searching for. In my view the Gospel of Thomas by Kundan is a precious guidebook for each and everyone who searches for the eternal spiritual truth. This book helped me to understand the words of Jesus in a completely new way. It is clear, easy to read and very practical for everyday life. I am extremely grateful because through the Gospel of Thomas I eventually found happiness, contentment and peace of mind.2 von 2 Kunden fanden die folgende Rezension hilfreich. Very inspiringVon Franciscus MeulmeesterI love this book, because it presents in a very gentle, but at the same time very deep insights without pushing them on to you. The whole book was for me a very inspiring invitation to reflect on my own ideas and way of thinking and living. Normally, I am quite allergic to so called 'masters' or other persons who claim 'to know'. This book just presents and leaves me the freedom to think and contemplate.Compliments and thanks for sharing these insights in such a nice way.

KurzbeschreibungThe Gospel of Thomas is an amazing scripture of heavenly inspired wisdom. It was discovered in 1945 near the village of Nag Hammadi in Egypt and is now commonly known as the 5th Gospel. It is considered to be the most important non-canonical scripture ever found. Consisting of 114 beautiful sayings the Gospel of Thomasperfectly enshrines the sacred mystical teachings of Jesus Christ. Jesus voice is a fervent call for us to wake up and look beyond the veil of illusion continuouslycreated by the egotistical mind. If there is any core message of the 5th Gospel that ought to be emphasized, it is Jesus consistent teaching that enlightenmentand the experience of awakening are, at any given moment, available to each and every one of us. Recognizing who we already are and always have been is all that needs to be achieved. In Verse 108, Jesus says:Whoever drinks from my mouthWill become like me;I myself will become that person,And the hidden thingsWill be revealed to him.The 5th Gospel thus focuses on a universal experience of Cosmic Consciousness, which, in Eastern cultures, is called Samadhi or Satori. Therefore, Jesus sayingsare in perfect accord with what has been taught by the mystics, sages, and Masters for thousands of years. Far from being an academic commentary, this guide is meant to create a comprehensive and intimate dialogue with the reader andlend a helping hand to those who long to integrate Jesus timeless wisdom intotheir daily lives.KurzbeschreibungThe Gospel of Thomas is an amazing scripture of heavenly inspired wisdom.
